

IBTX Welcomes Ana Tomes as New Surety Development Manager

Wednesday, January 27, 2021

San Antonio, TX - Acrisure Agency Partner IBTX (www.ib-tx.com) has hired [Ana Tomes](#) as a Surety Development Manager in the San Antonio area. Ana brings over 20 years of experience in the insurance and surety fields. Her joining the IBTX team brings a welcome addition of experience, expertise, and insight to the agency and the surety department.

As part of the team, Ana brings her expertise in advanced financial analysis and underwriting, marketing and sales expertise, as well as extensive knowledge of insurance, risk transfer, and risk management. Combined with a service-oriented drive, and focus on building and maintaining strong relationships she is positioned to help the IBTX surety team with improved internal client service and relations, as well as agency representation within our community and the associations within the industry.

As 2021 begins, Ana is ready to play an integral role in, “not just maintaining and anticipating our client’s needs. But going beyond that, to truly be an asset within the surety and construction industries.”

About IBTX

IBTX delivers distinctive risk management and insurance solutions to protect clients’ assets and build confidence. The organization prides itself in community impact and client service. IBTX brings clients a collective experience and a team committed to providing innovative strategies that empower business owners. Services include business insurance, health & benefits, safety and loss control services, surety bonds, wealth management, human resources consulting, claims advocacy and personal insurance. For more information, visit www.ib-tx.com.

Acrisure is one of the fastest-growing international brokerages in the country and focuses on leveraging the national strengths of their partners while retaining the local, entrepreneurial mindset and culture. By combining, these two approaches Acrisure can provide its partners and their clients with enhanced carrier relations, HR and benefits webinars and digests, access to national data and resources and a full spectrum of insurance related products among other services.
